Invictus Books. Paperback. Book Condition: New. Paperback. 459 pages. The Myth of the Twentieth Century (German: Der Mythus des zwanzigsten Jahrhunderts) by Alfred Rosenberg, one of the principal ideologues of the Nazi party and editor of the Nazi paper Völkischer Beobachter. It is the awakening of the race soul, which after long sleep victoriously ends the race chaos. In this, his seminal work, Alfred Rosenberg offers the reader a genuine alternative to the political and spiritual attitudes which modern Western society leads us to believe are our only options. He argues powerfully for an organic polity as opposed to a Universalist one--most specifically in the Germany of his time--but more generally for Western Civilization as a whole. At the heart of his argument is the provocative thesis that each of the races of the human species possesses a different kind of soul, which is the origin of human cultural diversity. Environmental influences cannot account for the differences in style and achievement among the races, he argues; the respective environmental...
