Excerpt: . . . intensity grows faster than the specified rate, the target system reduces fee increases or causes fees to fall. Under the fee schedule, Medicare pays for more than 7, 000 services that Medicares Physician Fee can be classified in several broad categories - patient evaluation and Schedule Based on management, which includes office visits, hospital visits, and Relative Values consultations; procedures, which includes inpatient and minor surgeries; imaging, which includes X rays and more sophisticated diagnostic radiology, such as computed axial tomography (CAT) scans; and tests, which includes urinalysis and blood chemistries. Within these broad categories are varying levels of service complexity. The fee schedule expresses this complexity through relative value units (RVU), which account for the amount of physician time, expertise, and 9, 1 20 resources required to deliver a service compared to other services. The relative complexity - as measured by the costliness - of each service is compared to a benchmark service, defined as a midlevel office visit. For 21 example, if a midlevel office visit had an RVU value of 1. 000, a service with 1. 475 RVUs is estimated to be 47. 5 percent more costly to provide than the midlevel office visit; while a service with 0. 925 RVUs is estimated to be 7. 5 percent less costly than the midlevel office visit. In this way, RVU weights quantify the complexity of services provided. 19 Some services paid under the physician fee schedule do not have RVUs associated with them; these services are priced by Medicares claims administration contractors. 20 Medicare adjusts a services RVU-based payment for area differences in physicians cost of operating a private medical...
