Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Taylor & Francis Ltd. Paperback. Book Condition: new. BRAND NEW, Primary Religious Education - A New Approach: Conceptual Enquiry in Primary RE, Clive Erricker, Judith Lowndes, Elaine Bellchambers, The role of Religious Education within the primary school and how it should be implemented has been the subject of worldwide debate. Responding to the delivery of the non-statutory framework for RE and the recent emphasis on a creative primary curriculum Primary Religious Education - A New Approach models a much needed pedagogical framework, encouraging conceptual enquiry and linking theory to its implementation within the wider curriculum in schools. The book outlines this new conceptual approach to Religious Education and is based upon the Living Difference syllabus successfully implemented in Hampshire, Portsmouth, Southampton and Westminster. It demonstrates how to implement the requirements of the new QCDA curriculum and Ofsted criteria for effective RE and is rapidly gaining both national and international support. Through this approach, Religious Education is discussed within the larger context of primary education in the contemporary world. This book will help you to teach RE in a creative way in the primary classroom by providing: historical commentaries an overview of existing approaches case studies based upon developments in religious literacy connections to initiatives such as Every Child Matters and cross-curricular links to other areas of the curriculum, including PSHE. With an all-encompassing global context, this book provides tutors, students and practicing teachers with a firm basis for developing their thinking about the subject of RE, how it is placed in the primary curriculum and how it may be successfully implemented in schools.
