Sage Publications, New Delhi, India, 2008. Paperback. Book Condition: New. First Edition. What is the diversity of perspectives on sex work in India today? This edited volume addresses this question through its sections on feminist discourse, ethnographic studies, socio-economic-legal-health frameworks and cultural reflections. The first section explores the space for women in prostitution within mainstream feminist discourse in India, and the way it has evolved over time. The second section emphasizes on the heterogeneity of sex work practices with their historical vestiges, contemporary manifestations and urban-rural contrasts. The third section examines the interface of society and prostitution, tracing economic and social undercurrents, health concerns and legal regulations. The final section focuses on the bearings of prostitution on the cultural spheres of literature, language, cinema, theatre and media. In addition to rigorous academic research, this volume also pools in case studies, live discussions and interviews, drawing the experience of a wide spectrum of professionals and organizations working with sex workers. This book is a must-read for professionals and academicians in the fields of Gender Studies, Sociology, Anthropology, Public Health and Social Work. Printed Pages: 372.
