Whether you are keeping notes, a daily journal, or a secret diary, this item is perfect for writing down anything that you need to. This is a little larger than most small notebooks and the pages have lines to write on. This also includes a copy of Survival Scenarios and Suggestions by Richard Scroggins. Survival Scenarios and Suggestions description: My primary goal is sharing the hunting and survival knowledge that I have from my experience growing up and living in the country, as well as my time in the military as an Emergency Management Specialist. I have always been interested in primitive skills, and in preserving them for the future. I also believe that the modern culture that we have built is based on a very fragile framework of technology(i.e. Electricity), that could collapse at any time due to a natural or man-made disaster. This book is a collection of scenario based tips that cover many aspects of both short term and long term survival. It is based on a variety of small and large scale disasters and common mistakes that lead into survival mode.
